

Information on the personal data protection regarding the use of the EDF dam route

The French Alternative Energies and Atomic Energy Commission (“CEA”), Agence ITER France (AIF) collects and processes your personal data ("Data") in accordance with the provisions of the General Data Protection Regulation (“GDPR”). The CEA has appointed a Data Protection Officer who is empowered to know all the issues related to the protection of personal data. You can contact him at dpd@cea.fr

1. reasons and purpose of processing your Personal data

The CEA/AIF collects and processes the Data in order to verify compliance with the rules for the use of the route passing on the EDF dam-bridge of Cadarache (“the Itinerary”) as stated in the individual commitment form¹ that you signed as a user of the Itinerary, and which you have submitted to the CEA/AIF when registering your badge (pass). This Data processing is based on your consent, and aims to ensure the safety of people and of the structure. The measures implemented by the CEA/AIF are:

- Your Data is recorded in a database managed by the CEA/AIF for the sole purpose of controlling the access to the route and security measures on this private route;
- An identity check (CEA and/or ITER badge/pass required) at the entrance of the Route;
- Video-surveillance of license plates in order to monitor compliance with the speed limit, using Automatic license Plate readers.

2. Sharing of your Personal Data

The CEA keeps your Data confidential and does not transmit it to unauthorized third parties.

3. How long does the CEA save your Personal data?

The CEA/AIF will store your Data for the period during which you continue to use the Itinerary. By way of reminder: EDF has authorized the use of the Itinerary for a period of 10 (ten) years beginning on 1 February 2018, when the Itinerary road was opened for use. The duration may be extended, with the agreement of EDF, in which case you will be informed accordingly, provided that you are still user of the Itinerary.

4. What rights do you have with respect to your Personal Data?

You enjoy certain rights with respect to your Data. Within the limits set by the Data Protection Regulations, and in particular Articles 15 to 22 of the GDPR, and after having proved your identity, you have the right to (1) request access to your personal data, (2) to rectification of your Data or (3) to erasure of your personal Data or (4) to limitation of its processing. If the processing is based on your consent, you may withdraw that consent without compromising the lawfulness of the consent-based processing that occurred prior to that withdrawal.
